Capabilities

Experts in:

Basic Life Support (BLS) training designed for healthcare professionals. Able to cover the principles of CPR for Infants, Children, and Adults, Rescue Breathing, Foreign Body Airway Obstruction, use of a BVM (bag valve mask), and Automated External Defibrillators (AED).

Heartsaver First Aid/CPR/AED training designed for the lay-person rescuer. Able to cover the instruction of First Aid, CPR for Infants, Children, and Adults along with airway management for choking victims (via the abdominal thrust maneuver).

STOP THE BLEED training designed for everyone. We cover recognizing life-threatening bleeding and the actions needed to control bleeding quickly and effectively by learning three quick techniques.

DOT & Non-DOT Drug Screening geared towards employers, employees, parents. Able to provide 5, 9, or 14-panel drug screening for **Pre-Employment, Random Selection, Reasonable Suspicion**, etc.

Matters of the Heart training designed for everyone. Discussing topics focused on Cardiac Arrests, Heart Attacks, and the importance of learning CPR.
