Opening Statement: This committee works to ensure that diverse voices are included as facilitators, attendees, and guests in our meetings. We have a zero-tolerance policy for any form of discrimination or abusive behavior. We are committed to ensuring that all meetings are safe and respectful for all participants.

Committee Purpose: The Homelessness Response System (HRS) will use quantitative and qualitative data to inform funding priorities, identify opportunities to improve the performance of the HRS and service delivery, and convene stakeholders to take data-driven action to advance the goals of the HRS. This committee will work to evaluate system performance, needs and gaps, racial disparities, system flow, and program performance.
